

Ignoring Your love
We went our own way
We were far off
We talked our own praise.
We were like sheep
Just going astray
But You have come, Lord
What have You done?....

What have You done?
What have You done?
What have You done, Lord?
Hallelujah, what have You done?

You sent your Son
From Your very own side
He poured Himself out
Such great sacrifice
To die for sinners
Redeem fallen man
You bore our own sins, Lord,
What have You done?....

All! All! All for Christ!
He deserves our All!
All, brethren, all for Christ!
Give to Christ your all! (2x)

How blessed is the man
Whose sins are forgiven
Whose sins are covered
With this Precious Blood
How blessed is the man
With righteousness given
Apart from His works, Lord,
What have You done?..

You call us Saints
You don't call us sinners
You call us sheep
You don't call us goats
You call us friends
Not Your enemies,
You call us sons, Lord,
What have You done?...

All! All! All for Christ!
He deserves our All!
All, brethren, all for Christ!
Give to Christ your all! (2x)

We're waiting on You
Our eyes are on You
We cannot say
No - Talk, sing, or tell
Words cannot capture
Enough of Your worth
We thank You and say
Lord, What have You done?...

Let's give Him our strength
Let's give Him our youth
Never postpone
No, never be fooled
Hold forth the Truth
The Word of our God
This privilege is ours
Oh, what have You done?...

All! All! All for Christ!
He deserves our All!
All, brethren, all for Christ!
Give to Christ your all!

Christ! Christ! All for Christ!
He deserves our all!
Christ! Christ! All for Christ!
Give to Christ your all!

"What has the Lord done for us, that
we will conquer the grave?"
